Summary

Fullstack Developer with 3+ years of experience building scalable applications using React, React Native, Node.js, and RESTful APIs. Skilled in both frontend and backend development across fintech platforms like Yompay and ZCoop. Adept at designing secure onboarding flows, reusable components, and scalable architectures using Clean Code principles. Passionate about shipping performant, user-centered apps and collaborating across teams.

Skills

Languages & Frameworks: JavaScript, TypeScript, Node.js, Express.js, React, React Native, Sequelize, Objection.js

Databases: MySQL, MongoDB

APIs & Auth: RESTful APIs, JWT, OAuth2, Spotify Web API

Tools & DevOps: Git, GitHub, Postman, VS Code, NPM

Architecture & Practices: MVC, Clean Architecture, API Testing, Component Reusability

---

Experience

Fullstack Developer – Zulfah Group (ZCoop) | Remote | Aug 2023 – Present

- Designed and built RESTful APIs for cooperative savings, user onboarding, and wallet operations.

- Engineered backend services with Node.js, Express.js, and Objection.js with MySQL.

- Implemented multi-stage KYC, loan workflows, and value-added service integration.

- Ensured code robustness with unit testing and Postman test suites.

- Applied Clean Architecture principles for scalable development.

Frontend Engineering Trainee – NITHUB | Lagos, Nigeria | Jan 2023 – Apr 2023

- Built SPAs using React, HTML, and CSS.

- Integrated external APIs and practiced state, props, and lifecycle management.

- Participated in code reviews, agile practices, and pair programming.

Current Project

Yompay (Mobile Fintech App) | In Progress (Launching September 2025)

- Leading frontend development with React Native for a fintech super app like Opay.

- Built secure onboarding, transaction management, and service API integrations.

- Created reusable components and collaborated with cross-functional teams for feature delivery.

Project Spotlight

BeatBank (Team Project)

- Developed backend with Express.js and OAuth2-based Spotify authentication.

- Built mobile-first frontend in React and Tailwind CSS.

- Prototyped mobile app version using React Native.

Education & Certifications

MSc, Political Science – University of Lagos
BSc, Political Science – Ambrose Alli University, Ekpoma
Certificate in Fullstack Engineering – Zulfah Academy
