---

## Summary

Frontend Engineer with 3+ years of hands-on experience building responsive and accessible web and mobile interfaces using React, React Native, TypeScript, and TailwindCSS. Proficient in creating dynamic UI components, implementing design systems, and integrating APIs to deliver seamless user experiences. Experienced in collaborating with backend teams, product managers, and designers to ship pixel-perfect interfaces using Shadcn/UI, Chakra UI, and reusable component libraries. Strong fintech exposure through platforms like **Yompay**, **BeatBank**, and **ZCoop**, with a passion for clean design, maintainable codebases, and performance optimization.

---

## Skills

**Languages & Frameworks:** JavaScript, TypeScript, React, React Native, Next.js (learning), HTML, CSS
**UI Libraries:** TailwindCSS, Shadcn/UI, Chakra UI, Bootstrap, Ant Design
**State & API Handling:** Redux Toolkit, Axios, React Query (learning), Fetch API
**Version Control:** Git & GitHub

**Tools:** VS Code, Figma, Postman, Trello

**Practices:** Component Reusability, Responsive Design, SPA, TDD, Agile Development

---

# Experience

### Frontend Engineer – Zulfah Group (ZCoop) | Remote | Aug 2023 - Present

- Developed modular, responsive UIs for fintech features using React and TailwindCSS.

- Integrated dynamic dashboards and transaction interfaces with backend APIs.

- Led UI state management with Redux Toolkit and structured reusable components.

- Collaborated closely with mobile and backend developers to deliver cross-platform consistency.

### Frontend Engineering Trainee – NITHUB | Lagos, Nigeria | Jan 2023 - Apr 2023

- Built responsive SPAs with React, HTML, and CSS.

- Integrated external APIs and practiced state and lifecycle management.

- Participated in agile workflows, code reviews, and pair programming.

---

# Current Project

### Yompay (Mobile Fintech App) | In Progress (Launching September 2025)

- Leading frontend development using React Native and modular components.

- Implementing onboarding, authentication, and real-time dashboard UIs.

- Collaborating with backend and product teams to meet delivery timelines.

# Project Spotlight

**BeatBank (Team Project)**

- Designed and implemented responsive frontend using React and TailwindCSS.

- Integrated secure login flows and dynamic components with Spotify API.

- Built UI library for consistency and planned mobile support in React Native.

# Education & Certification

**MSc, Political Science** – University of Lagos
 **BSc, Political Science** – Ambrose Alli University, Ekpoma
 **Certificate in Fullstack Engineering** – Zulfah Academy
